

Montana Hope Project

Our Mission

Dream Come True

The Montana Hope Project originated from a strong desire of Montana Highway Patrolmen to give back to the communities that they served. In 1984, the Montana Hope Project was formed and sponsored by the Association of Montana Highway Patrolmen. The goal of the project was simple, to grant wishes and make dreams come true for the children of Montana that suffer from a life threatening illness. The Hope Project is not affiliated with any national organization and is staffed by volunteer troopers and community members who give of their time. This allows over 90% of all funds raised to go directly to the granting of the wishes. The Montana Hope Project has granted over 306 wishes to date at the average cost of \$6,000.00. The Hope Project is also proud of being able to hold a summer reunion in Essex at the Izaak Walton Inn and a winter reunion at Fairmont Hot Springs Resort at no cost to the families.

Our Organization

Today, the Montana Hope Project is a separate nonprofit organization funded by charitable contributions, donations and fundraisers. We are a 503(c) (3) nonprofit, and donations are tax-deductable. The Hope Project does not receive tax or governmental support, and we never solicit donations by phone. The governing board is made up of troopers and community members.

The key to the Montana Hope Project is the combined efforts of dedicated individuals, organizations and businesses that generously support our mission. We welcome you to join our effort in making dreams come true for the children of Montana with life threatening illnesses. □
